## **DETAILED ACTION**

1. This communication is response to Applicant's amendment filed on August 12, 2003.

The rejections are as stated below:

### *Status of Claims*

2. Of the original claims 1-42, claims 1, 2, 11, 12, 29, 30, 37 and 41 have been amended.

Therefore, claims 1-42 are under prosecution in this application.

### *Summary of this Office Action*

3. Applicant's arguments filed on August 12, 2003 have been fully considered, and discussed in the next section below or within the following rejection are not deemed to be persuasive. Therefore, claims 1-42 are rejected as being unpatentable over the art cited below, and Applicant's request for allowance is respectfully denied.

### *Response to Applicant's Amendment/Argument*

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002

do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Claims 1-42 are rejected under 35 U.S.C. 102(e) as being anticipated by Remington et al. (United States Patent Number 6,070,150) as discussed in the third paragraph of page 2 of paper 2.

The Examiner acknowledges Applicant's arguments with respect to claims 1-42. The Applicant's arguments have been fully considered, and discussed in the next section below are not deemed to be persuasive.

5. Applicant's only argument is that the claims have been amended to include a feature that is capable of "automatically rendering a decision on the request" and the cited reference does not disclose or suggest such feature. To the contrary, Remington specifically indicated a decision can be automatically rendered by selecting a particular predefined reason or manually adjusted to reflect the disputed amount by entering a detailed explanation (please see at least the abstract, fig. 9 and col. 11, lines 28-55). Accordingly, Applicant's argument is deemed not persuasive.

### ***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
